

SELECTED METHODS OF ENVIRONMENTAL ASSESSMENT

**SEZIMA, T.; TUSIL, P.; DURCAK, M.;
MICANIK, T.; KRISTOVA, A.**

TGM Water Research Institute, p. r. i., Ostrava branch

Keywords: environment – assessment methods CEA –
CBA – MCA – environmental valuation of goods

The paper outlines the possibilities of selected environmental assessment methods. Its aim is to highlight the growing need to devote to this integral science discipline more in the Czech Republic as well.
